公司简介

EN PANMIN is a comprehensive stone manufacturer that integrates research & development, production, stone processing, and trading business. We provide granite, quartz surfaces, and Crystalline Silica Free Surfaces in both slabs and cut-to-size products. Our products are widely used in residential, commercial, and other building spaces, including kitchen countertops, bathroom vanity tops, table tops, wall panels, flooring, and more.

PANMIN is committed to providing quality products and services to its customers. Its first factory Deyuan Stone was established in 1990 and currently focuses on fabricating natural stone and man-made quartz stone products. In 2015, the second factory Fujian PANMIN was founded for man-made quartz slabs production. In 2019, the third factory Zulite Stone was established in Cambodia to provide man-made quartz slabs and quartz cut-to-size products. All three factories work together to provide the best possible products and services to our customers.

In response to shifting market trends and the growing demand for environmentally friendly products, PANMIN has introduced Crystalline Silica Free Surfaces. These surfaces are free of crystalline silica, contributing to a healthier work environment. Not only are they environmentally friendly, but they also incorporate recycled materials and minerals into their composition, aligning with global sustainability efforts. Additionally, the production processes at PANMIN factories now utilize recycled water and solar energy, reducing environmental impact and further emphasizing our commitment to sustainable practices.

ES PANMIN es un fabricante integral de piedra que integra investigación y desarrollo, producción, procesamiento de piedra y negocios comerciales. Ofrecemos superficies de granito, cuarzo y superficies libres de sílice cristalina tanto en láminas grandes como en productos cortados a medida. Nuestros productos se utilizan ampliamente en espacios residenciales, comerciales y otros espacios de construcción, incluyendo encimeras de cocina, encimeras de baño, mesas, paneles de pared, suelos y más.

PANMIN está comprometido a proporcionar productos y servicios de calidad a sus clientes. Su primera fábrica, Deyuan Stone, fue establecida en 1990 y actualmente se enfoca en la fabricación de productos de piedra natural y piedra de cuarzo artificial. En 2015, se fundó la segunda fábrica, Fujian PANMIN, para la producción de láminas de cuarzo artificial. En 2019, se estableció la tercera fábrica, Zulite Stone, en Camboya para proporcionar láminas de cuarzo artificial y productos de cuarzo cortados a medida. Las tres fábricas trabajan juntas para proporcionar los mejores productos y servicios posibles a nuestros clientes.

En respuesta a las tendencias cambiantes del mercado y la creciente demanda de productos respetuosos con el medio ambiente, PANMIN ha introducido Superficies Libres de Sílice Cristalina. Estas superficies están libres de sílice cristalina, contribuyendo a un ambiente de trabajo más saludable. No solo son respetuosas con el medio ambiente, sino que también incorporan materiales reciclados y minerales en su composición, alineándose con los esfuerzos globales de sostenibilidad. Además, los procesos de producción en las fábricas de PANMIN ahora utilizan agua reciclada y energía solar, reduciendo el impacto ambiental y enfatizando aún más nuestro compromiso con las prácticas sostenibles.

中文 磐珉是一家集设计研发、生产、石材加工、进出口贸易为一体的综合性石材厂家。我们供应花岗岩、石英石板材及零硅板材，涵盖大板和成品，这些产品广泛应用于住宅、商业及其他建筑空间，包括厨房台面、浴室洗面台、吧台、墙板和地铺等。

磐珉致力于为客户提供优质的产品和服务。在业务方面，磐珉提供天然石材和人造石英石板材及深加工服务，其中南安德源成立于1990年，负责天然及人造石材深加工；漳州磐珉成立于2015年，负责人造石英石大板生产；柬埔寨高金石成立于2019年，负责人造石英石大板生产及深加工。这三家工厂协同作业，竭诚为客户提供最佳的产品和服务。

为了顺应市场趋势的演变和环保产品需求的上升，磐珉倾力推出了零硅板材，助力营造一个更加健康的工作环境。不仅如此，这些产品还深度融合了循环材料与矿物，与全球的可持续发展目标相契合。此外，磐珉的生产流程已经引入循环水资源与太阳能技术，有效降低环境负担，进一步凸显我们对可持续实践的深刻承诺。

WHY CYRSTALLINE SILICA FREE SURFACES?

¿Por qué superficies libres de sílice cristalina?

为什么选择磐珉高金石零硅板材？

EN Crystalline Silica Free Surfaces from PANMIN - An innovative choice for superior surfaces, meticulously crafted to ensure both high performance and safety during fabrication. The composition modifications made to our product uphold its durability without compromise. Certified by reputable organizations and rigorously tested by SGS and other quality assurance protocols, our surfaces guarantee reliability in the market.

Our commitment to sustainability is evident in every aspect of our product. Crystalline Silica Free Surfaces are environmentally friendly, incorporating recycled materials and minerals into their composition. They epitomize ecological reliability, manufactured using renewable electric energy sources such as solar power and recycled water.

Versatile and adaptable, Crystalline Silica Free Surfaces find application in a myriad of areas including benchtops, splashbacks, wall paneling, vanity tops, flooring, and more. Experience firsthand the assurance of quality, durability, and sustainability with PANMIN's Crystalline Silica Free Surfaces.

ES Superficies Libres de Sílice Cristalina de PANMIN: Una elección innovadora para superficies superiores, meticulosamente elaboradas para garantizar tanto alto rendimiento como seguridad durante la fabricación. Las modificaciones de composición realizadas en nuestro producto mantienen su durabilidad sin compromisos. Certificado por organizaciones de renombre y rigurosamente probado por SGS y otros protocolos de aseguramiento de calidad, nuestras superficies garantizan confiabilidad en el mercado.

Nuestro compromiso con la sostenibilidad es evidente en cada aspecto de nuestro producto. Las Superficies Libres de Sílice Cristalina son respetuosas con el medio ambiente, incorporando materiales reciclados y minerales en su composición. Son un ejemplo de fiabilidad ecológica, fabricadas utilizando fuentes de energía eléctrica renovable como la energía solar y agua reciclada.

Versátiles y adaptables, las Superficies de Sílice Cristalina Cero encuentran aplicación en una variedad de áreas, incluyendo encimeras, salpicaderos, paneles de pared, encimeras de tocador, pisos, y más. Experimenta de primera mano la garantía de calidad, durabilidad y sostenibilidad con las Superficies Libres de Sílice Cristalina de PANMIN.

中文 磐珉零硅板材，创新之作，致力于提供既高性能又安全的板材解决方案，开创了板材科技的新篇章。通过获得权威认证和经受严苛的SGS测试，在保留产品的原始特性下，融合优质矿物质和循环材料，展示其出色的使用性能，赢得了市场的信赖与推崇。我们对环境的尊重体现在每一处细节：采用可再生资源如太阳能及循环利用水资源的生产方式，彰显了我们生态保护坚定承诺。其应用范围广泛，无论是厨房台面、浴室洗面台、吧台、地铺还是更多场景，均能提供独特的解决方案，为每个设计项目注入灵感。探索磐珉零硅板材的卓越品质、安全性以及环保创新，开启您下一项设计工程灵感和美学之旅。
